SUMMARY

Passionate Data Science & AI engineer with hands-on production experience building LLM pipelines, multi-agent systems, and full-stack applications using Python, Django, and JavaScript. Currently pursuing B.Tech in Data Science & AI (2023–2027), with real-world contributions to India's first large-scale Telugu LLM and collaborative work across risk analytics, data enrichment, and scalable API development.

EDUCATION

B.Tech in Data Science & AI · ICFAI Foundation for Higher Education Jan '23 — Present | Hyderabad, India
GPA: 8.11/10 | Coursework: ML, DSA, Deep Learning, OS, Databases, Web Technologies, IoT, Blockchain, HCI

SKILLS

Languages: C/C++, Python, Java, HTML/CSS, JavaScript
Frameworks: FastAPI, React, Node.js, Tailwind CSS, Bootstrap
Databases: MySQL, MongoDB
AI/ML: LLMs, RAG, LangChain, XGBoost, LightGBM, CatBoost, SHAP, Scikit-learn, OpenCV, DeepFace, FAISS, Hugging Face
Tools & Infra: Ubuntu/Linux, Git, GitHub, Groq, n8n, WebSocket, Cursor

EXPERIENCE

- Cloud Computing Intern** · MINDENIOUS EDUTECH | Nov '25 — Jan '26 | Remote
- Completed 10-week Azure program covering VNet, NSGs, Load Balancers, AKS, Azure Functions, Blob/SQL/Cosmos DB, IAM, RBAC, and encryption; delivered capstone cloud deployment project.
- Artificial Intelligence Developer Intern** · VISWAM.AI | May '25 — Jul '25 | Hyderabad, India
- Contributed to India's first large-scale Telugu LLM — data collection, corpus refinement, and supervised fine-tuning in a Linux-based pipeline environment.
 - Built and optimized scalable NLP inference pipelines for real-time applications using Hugging Face Transformers and OpenAI APIs.
- UI/UX Design Intern** · SEPONTY | Feb '24 — Apr '24 | Remote
- Designed intuitive UI screens for chatbot app (Tepnoty) translating user requirements into interaction patterns, improving usability and engagement.

PROJECTS

LoanLens AI — Credit Risk & Loan Underwriting Platform [Link](#)

FastAPI · React · XGBoost · LightGBM · LangChain · FAISS · SHAP

- Production-grade credit risk platform with XGBoost/LightGBM/CatBoost ensemble for PD, LGD, and EAD scoring.
- LangChain RAG + FAISS for document-grounded lending decisions; SHAP explainability and fraud detection across text and image modalities.

AutoOps AI — Agentic Workflow Engine [Link](#)

Groq · Llama 3.3 70B · n8n · Node.js · React · WebSocket

- Multi-agent orchestration engine with self-healing failure recovery and LLM-powered meeting intelligence.
- Achieved 80%+ autonomous enterprise workflow completion with real-time WebSocket dashboard and full audit trail.

MediSense AI — Intelligent Medical Assistant [Link](#)

Express.js · React · MongoDB · Groq (Llama 3.3 70B + Vision) · RAG · JWT · Google OAuth

- Built a patient-first AI medical assistant using RAG to provide personalized health insights from medical reports and past records.
- Developed AI vision pipeline for lab report/scan OCR extraction, longitudinal biomarker tracking, and prescription analysis with medication alternatives.
- RAG-powered AI Doctor ingests full medical history to provide context-aware responses, trend analysis, and risk cross-references across multiple reports.

ScanGo — AI-Powered Smart Retail System [Link](#)

Groq LLM · WebSocket · Ethers.js · Blockchain · React

- AI shopping assistant with real-time WebSocket inventory sync, dynamic pricing, cryptographically signed QR receipts (Ethers.js), blockchain loyalty credits, and dual-mode cashier/guard terminal.

CERTIFICATIONS

Cloud Computing — Mindenious Edutech Apr '26
AI Skills Passport — EY & Microsoft Oct '25
Cyber Security and Privacy — NPTEL Jan '25

HACKATHONS & ACHIEVEMENTS

- TechSprint Hackathon (Nationwide) — Selected among Top 20 teams nationally.
- Semi-Finalists out of 54,617 participants at Economic Times GenAI Hackathon 2026 — built AutoOps AI.
- NextGenAI Hackathon 2026 — Finalist team in a competitive AI-focused national event.
- Agentathon 2025 (Guinness World Record Event) — Built a real-time voice-first AI banking assistant.
- Football Tournament Champion (2024) | CBSE Cluster Athlete (U-19) — State-level athlete and team leader.
